## About UWS :

Our company was founded with the aim of reducing pilferage, over ordering, mismanagement of incoming materials and scrap in rapidly growing businesses in the manufacturing and real estate sector.

We focus on ensuring that our clients choose the right products and use the most accurate and efficient processes while managing their inventory.

With a primary focus on using weighing solutions and technology to achieve our aim.

## Our Experience :

- 1) More than 60 Years in weighbridge management
- 2) More than one trillion Kgs weighed
- 3) Currently managing over 30 weighbridges
- 4) Operating in 4 states in North India
- 5) More than 45 weighbridges audited in last 2 years

## **Our Vision :**

- 1) One Country. One Weight
- 2) Minimizing weight driven pilferage.
